ABOUT ME

A hardworking Full Stack Developer with a strong academic background, focused on creating clean and efficient code. Passionate about web development, I am eager to grow and contribute to my team's success. Always ready to learn new things and help the team achieve its goals.

EDUCATION

Bachelor of Computer Science

University of Computer Studies
2016 - 2024

Diploma in ICT

ATBC International College
May 2022 - July 2022

Certificate in Web Development with PHP

Host Myanmar Institute
Sept 2022 - Dec 2022

Certificate in Special Web Design

MMSIT
2022

EXPERTISE

- React, Vue 3
- Ruby on Rails, PHP, Node.js
- MySQL, MongoDB
- Docker, CI/CD, Basic AWS Concepts
- Git, GitHub, Postman, VS Code
- RSpec, Unit Testing
- API Integration, Full-stack Lifecycle, Agentic AI

EXPERIENCE

Junior Developer

2024 - 2026

Metateam Myanmar Co., Ltd.

- Built full-stack team management web applications using Ruby on Rails (API mode) and Vue 3.
- Automated scheduled survey dispatching and batch processing using cron and Rake tasks via the whenever gem.
- Ensured high code quality and reliability through RSpec testing and database optimization.

Internship Developer

2024

ICT Research Center

- Completed a J2EE internship focused on collaborative city directory web development and team projects.
- Supported city directory web development activities, database operations, and debugging processes.
- Gained practical exposure to professional development workflows, version control, and team collaboration tools.

Freelance Developer

2026

Learning Management System (LMS)

- Built a custom LMS for a business college using a Nuxt (Vue 3) frontend.
- Collaborated on backend services (with C#) and system logic.
- Managed the full development lifecycle, ensuring seamless integration between the frontend and backend.
- Ensured system reliability and created an intuitive user experience for academic stakeholders.

LANGUAGE

- Burmese (Native)
- English (Intermediate)
- Japanese (Basic)
